

**CURBSIDE PICK UP**

3 friends, 3 foods, 3 hours. Why do people connect through food? While it's difficult to determine a definitive dynamic, it's likely because we are meeting both our physical and emotional connection needs. Food's the easy part. In my case of the 3 friends, it was simply cheese, crackers, and Trail Bologna. But someone needs to extend an invitation. With our modern gadgets, that should also be easy, yet we often mangle it into an unnecessary quandary. Our "what ifs" and second guesses are enemies of deeper relationships. There are no surprise or delightful endings for a call we never made. In our case, someone made the call, and both body and soul found nourishment!
