MONDAY NIGHT MUSIC AT MUDD VALLEY! MORE INFO. BELOW!

FLAVOR OF THE MONTH
MARCH
Mint

It may have been the original energy drink. In 1887, James Horlick, pharmacist and entrepreneur, developed a malt- and wheat-based supplement for infants and trademarked it as "malted milk." Grownups also enjoyed it, especially after an innovative man at a Walgreens soda fountain mixed it into milkshakes. During Prohibition, folks lined up three and four deep to sip the non-alcoholic beverage. Explorers liked the convenience of the powdered drink mix and even named the Horlick Mountain Range in Antarctica after the creator of malted milk. So, the taste? Some say "toasty, caramelized, marshmallowy." Enjoy malted milk in chocolate-covered balls and at Easter time in eggs. Crunch, sweetness, and a distinctive flavor worth exploring!
