Ice crystals and frost can be picturesque—in the right place at the right time of the year, like outside in January. However, in our freezer cases, they are the enemy. We have been fighting this enemy at our Berlin store, and every time we engaged in battle, we lost. Ice cream cakes should be topped off with nuts, broken Oreo cookies, and chocolate and caramel drizzle, not delicate crystals of ice. Your complaints were legitimate and triggered our taking action because one thing we've learned in 41 years of business is that a complaining customer is one who wants to shop our store. Our new freezer cases will win the battle: Jack Frost has been forever banned from our freezer section.
