FLAVOR OF THE MONTH DECEMBER

It was important to her, so it was important to me. "What's your favorite color?" our daughter asked countless times in her early years. My standard answer: "Blue." It's safe, and it's the top pick globally. It's also calming and soothing, and strong blues stimulate clear thought. Sometimes though, to keep the conversation interesting, I picked a different color. But not Ellie. She never wavered. Pink was her color, and pink was her personality. Studies show that folks who favor pink are friendly and sensitive to the needs of others. Bring your children or your grandchildren to our cookie decorating contest, and let their favorite colors shine through. It's not just a cookie—it's a snapshot of life!
